

VIVID SYDNEY SHINES

Vivid Sydney is the world's largest festival of light, music and ideas. Celebrating its 10th Anniversary in 2018, Vivid Sydney is continually setting the benchmark for world class events, creativity and innovation. It will transform the Harbour City into a colourful creative canvas for 23 days, from 25 May to 16 June, 2018.

Sustainability: Vivid Sydney and the Banksia Foundation are working together to improve sustainability. Initiatives include use of 100 per cent GreenPower-accredited renewable energy, purchase of verified carbon offsets, efficient LED technologies, waste minimisation, electronic ticketing and promotion of public transport.

At 6pm on 25 May Vivid Sydney 2018 switches on with the Lighting of the Sails of the Sydney Opera House and all Light Walk sculptures. This Lights On! moment marks the Festival's 10th anniversary and is the start of 23 days and nights that transform the city through spectacular light art, innovative ideas programs and cutting-edge music performances.

GETTING THERE

Major city road closures will be in place before the Vivid Sydney lights switch on each night. Extensive parking restrictions will also be in place, making street parking very limited, so it's best to leave the car at home.

The best way to travel between Vivid Sydney precincts is by public transport. Avoid traffic delays and catch one of the many extra transport services. Use the real-time Trip Planner at transportnsw.info to plan your trip with the most up-to-date service information.

Detailed event transport and traffic information will also be available at vididsydney.com/transport closer to the event.
