The Barossa truly is a gourmet lover's paradise. Abundant seasonal produce, smoked and cured meats and artisanal cheese are in plentiful supply. Come visit to experience world-class wine, amazing food, heritage architecture and our warm, friendly community.

Enjoy a wealth of diverse activities including festivals, special events, wine tasting, the arts, bushwalking, golf, cycling and shopping amid a vibrant Australian landscape of rolling hills, distinguished vineyards, towns and villages.

Above we've listed tourism enterprises who will be pleased to look after you on your visit. On the reverse we have a regional map that details the cellar doors and eateries so you know exactly where to go to taste the best wine and indulge in gourmet delights unique to the Barossa.

We hope this Touring Map enhances your visit to Australia's most famous wine region.

The Barossa was settled in 1842, and today it is a 1,970 square kilometre region that encompasses the Barossa Valley and the Eden Valley.

The Barossa contains four communities including Angaston, Lyndoch, Nuriootpa and Tanunda, and a collection of tiny hamlets including Bethany, Cockatoo Valley, Eden Valley, Greenock, Keyneton, Light Pass, Marananga and Seppeltsfield, Mount Pleasant, Penrice, Rowland Flat, Springton, Stockwell, Truro and Williamstown. This type of settlement is unique in Australia and is a wonderfully preserved enclave of British and Prussian heritage.

Gawler, on the western boundary of the Barossa, was among the first SA settlements to be proclaimed a township in 1857 and has since grown to become one of the Barossa tourism region's major regional centres. Similarly, Kapunda, on the northern edge of the Barossa was renowned as a copper mining centre and boasts a colourful history dating back to the 1850s.

We have indicated the tourism operators in the Barossa who provide family friendly services/activities by placing a icon next to their listings. Please contact the individual businesses concerned for information regarding their family friendly offering.

For breathtaking views of the Barossa we recommend you visit the following locations:

F12
K5
I10
J15

Hale Conservation Park	K8	Firetail Link & Wren Circuit	4.0 km
	4.0 km		
Kaiser Stuhl	H12		
Strinyak Park Loop	2.5 km		

Each year, thousands of visitors come to the Barossa to sample and savour some of the world's finest wines and to marvel at the beauty of the gnarled and twisted vines. These delights could all be at risk because of a small pest with a funny name – phylloxera.

Phylloxera, an insect that attacks grapevine roots, could destroy our wine industry by killing our precious vines which includes some of the oldest grape vines in the world. If visiting from interstate wine regions, clean your shoes and remove mud from your vehicle before coming to South Australia. Do not walk on vineyard soil. Do not bring any plant material or soil from interstate. Stay on roadways when visiting vineyards and do not enter vineyards without permission.
